SOME HARD FACTS ABOUT PORNOGRAPHY

>Viewing pornography hijacks the reward pathways in the brain in the same way that drugs impact the brain.

>Tolerance can be built to pornography, causing users to need more pornography and more extreme content for the same effects.

>Pornography often leads viewers to isolate from loved ones, hindering intimacy with them.

>Many partners of pornography users feel depressed, anxious, and like they can never measure up.

>Pornography frequently leads to unhealthy ideas about sex, sexual dysfunction, and complex problems in intimate relationships.

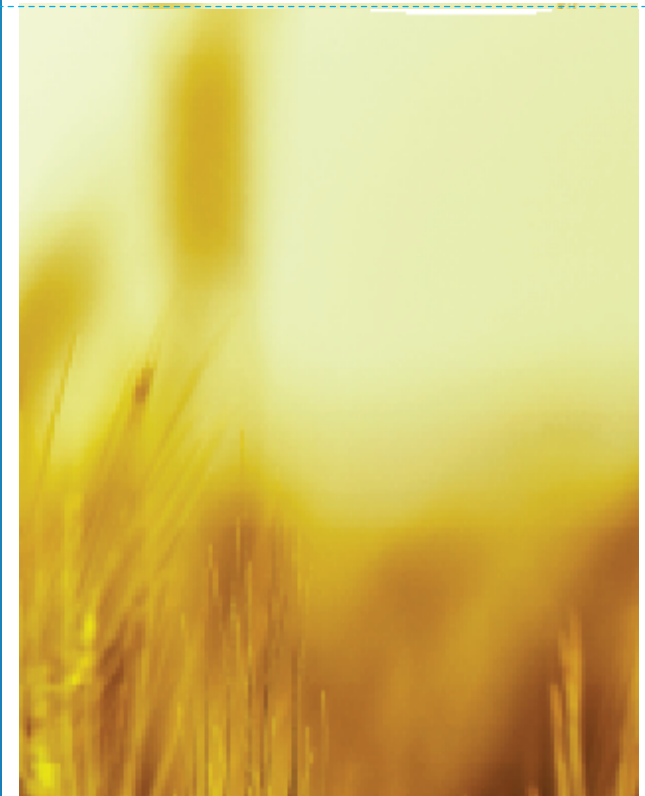

>Many victims of sex trafficking are used to film pornography.
